Two Resign From League Board For Political Activity

The Board of Directors of the League of Women Voters of Greencastle at a recent meeting accepted the resignations of Mrs. Hugh Henry and Mrs. Frank McKenna who have resigned from the board in order to work in their respective political parties during the campaign and coming election.

In announcing the resignations, Mrs. John Rhoads, president of the Greencastle League, expressed appreciation of the outstanding work of Mrs. Henry, who was serving her second year as Finance Chairman, and Mrs. McKenna, who was serving her second year as Local Item Chairman. Both will continue to be active League members.

Their positions will be filled for the remainder of their terms. Mrs. Robert Newton, treasurer, has accepted the portfolio of Finance Chairman. Announcement of the new Local Item Chairman will be made soon.

In order to uphold the non-partisanship of the League, board members do not engage in partisan political activity during their terms of office. According to Mrs. Rhoads some of the best leaders of the League go into politics, and this is an activity in which the League thoroughly believes. She stressed that the League believes in the two party system and that League members as individuals, except for the directors of the board, are strongly urged to work in the party of their choice.

Further explaining the League's nonpartisan policy, Mrs. Rhoads stated that the organization takes action on governmental measures in the public interest but may not support or oppose any political party or candidate.

Putnam County citizens have responded to the tune of \$500 to a plea sent out by Barry Goldwater, forces for money to pay for an "equal time" reply to President Johnson's Sunday night telecast.

Conrad said the money has been wired to Goldwater headquarters in Washington, D. C., and his group is most grateful to the many citizens of Putnam County who contributed so generously to the appeal.

Space Race To Mars Is Likely

WASHINGTON UPI — By this time next month U.S. and Soviet spacecraft may be racing toward Mars.

In the 30-day period starting Nov. 4 the United States plans to launch two 570-pound Mariner craft with instructions to take 20 television photographs apiece of the red planet's changing face.

In the same period the Russians, on the basis of past performance, also are expected to aim probes at Mars, the only other planet in the solar system scientists believe likely to harbor life.

The U. S. Mariners and their Atlas-Agena rockets, together with a backup spacecraft and launch vehicle, have been checked out at Cape Kennedy.

Mars swings around the sun in an orbit outside earth's and at a different speed.

Contact Talks

DETROIT UPI—Negotiators for American Motors Corp. and the United Auto Workers union, their shaky labor peace interrupted by wildcat strikes at two plants in Wisconsin, hoped to arrive at a Kelvinator contract today.

Twin wildcat walkouts hit AMC plants Tuesday in Milwaukee and Kenosha. They were apparently triggered by the dissatisfaction of A M C workers at Milwaukee over working without a contract. The two sides reached tentative national agreement early Monday covering automotive plants.

NEW YORK UPI — The body of Herbert Clark Hoover lies in state here today to receive the homage of the world he served as U. S. President, statesman and humanitarian.

Hoover, an Iowa blacksmith's son, who served in the White House from 1929 to 1933, died Tuesday at the age of 90. He succumbed at 11:35 a. m., EDT in his suite at the Waldorf Towers, his home since he left the presidency 31 years ago.

The body of the 31st President will lie in state today and Thursday at St. Bartholomew's Church on Park Ave. A brief memorial service will be held at 4:30 p. m. EDT Thursday.

On Friday morning the coffin will be moved by train to Washington where Hoover will lie in state under the great Rotunda of the nation's Capitol.

For 42 hours the public will have a chance to pay its last respects to Hoover beneath the same Rotunda where, in recent months, the bodies of President John F. Kennedy and Gen. Douglas MacArthur lay in state.

On Sunday Hoover will be flown to his hometown of West Branch, Iowa, to be buried beneath a simple headstone he personally selected. His wife is buried at Stanford University in Palo Alto, Calif., but her body will be brought to West Branch and buried by his side.

Hoover was stricken last Saturday by massive internal bleeding. His doctors eventually were able to stop the bleeding, but toxins built up, poisoning his system, and his heart gave out under the strain.

Hoover remained alert until the time he was stricken.

His closest aide, Neil MacNeil, said Hoover was deeply absorbed in the recent World Series.

No Need To Read Minds To Make Correct Play

By Alfred Sheinwold

National Men's Team Champion

Most of the time we play bridge hands by following time-honored rules. If we fail to get the most out of a hand it's the rule's fault. How can anybody blame us just because we were asleep?

Declarer won the first trick in dummy with the ace of diamonds and got to his hand with a club to lead a low trump. When West followed with the eight of spades, declarer covered with dummy's queen.

As a result of this play South had to lose two more trump tricks to West. He lost three trumps and a diamond, and was therefore down one.

If you had only played a low spade from dummy instead of the queen, dummy signified when the hand was over.

"I'm not a mindreader," South pointed out. "I played third-hand high from the dummy, just as anybody would. We were just unlucky."

What do you think? Was South unlucky or did he make a bad play?

CONSIDER TRUMP BREAK
South should consider the possible trump breaks. If the four missing trumps break 2-2 any play will work, for the opponents can get only two trump tricks.

If the trumps break 3-1, West must have three and East must have the singleton because West is bound to have at least one high spade for his vulnerable opening bid.

If West had A-K-8 he would play the king instead of the eight. South can therefore disregard this possibility. The only other possibilities are A-10-8 and F-10-8 in the West hand. In both these cases East has a singleton high spade and South can make his contract only by

playing a low trump from dummy instead of the queen.

In short, declarer cannot lose anything by playing a low spade from dummy, as he may gain. So he didn't have to read an opponent's mind to make the correct play—he just had to use his own mind.

Answer: Pass. The hand is not quite worth an opening bid. You can afford to bid "t", and your partner will then know the limit of your strength since you failed to open the bidding.

LBJ Campaigns In Three States

WASHINGTON UPI — President Johnson flies to Ohio, Illinois and Missouri today to resume the political campaign he interrupted last week to assess the developments in Russia and Red China.

The President was scheduled to speak at Akron, Ohio, East St. Louis, Ill., and St. Louis, Mo., and sandwich in a hospital visit in Kansas City, Mo., with former President Harry S. Truman who was injured in a fall last week.

Before departing, Johnson planned to confer at the White House with a panel of private citizens he set up to advise him on international relations. They were expected to discuss the significance of Soviet Premier Nikita Khrushchev's overthrow and Red China's atomic blast.

Today's schedule called for the President to arrive at Ak-

He planned to fly back to Washington from St. Louis, probably arriving in the capital about 11 p. m., EDT. He was making the flight in his 12-seat Air Force Jetstar.

The President's future campaign plans remain in doubt. The White House announced he would attend funeral services in New York City Thursday for former President Herbert C. Hoover.

Sen. Goldwater On TV Tonight

WASHINGTON UPI — Sen. Barry M. Goldwater appears on television tonight to give his analysis of the recent Kremlin shakeup. He believes the new Russian leadership means a tougher Communist line.

The Republican National Committee purchased a half-hour of time 10:30 p. m. EDT to 11 on the ABC-TV network after three networks and the Federal Communications Commission denied Goldwater free time to answer President Johnson's Sunday night speech on international affairs.

The GOP presidential candidate's speech tonight was an answer to Johnson's address. It was taped here Tuesday so there would be no conflict today with his scheduled campaign tour of West Chester, Upper Darby and Philadelphia, Pa.

Goldwater planned to return to Washington tonight. He will go to New York Thursday for the funeral of former President Herbert Hoover, then head west for more campaigning.

Goldwater gave a preview of his planned remarks on the television speech Tuesday night to about 400 GOP precinct workers meeting at a Baltimore hotel. The meeting was supposed to be closed to the press but newsmen were not challenged when they followed the crowd into the hotel ballroom.

"We have the show ready and will be on the air tomorrow night," he said Tuesday night.

"We will be in disagreement with President Johnson on what has happened in Russia."

"We will say we do not believe the new leaders will continue the Khrushchev line. We expect it to be a tougher line. "We believe it means a closer cooperation with the Chinese line. It means they are getting together."

Will Continue U.S. Alignment

LONDON UPI — The new Laborite government is anxious to continue Britain's traditional alignment with the United States.

Prime Minister Harold Wilson therefore plans a meeting with President Johnson, as soon as possible as his first major move in the field of foreign affairs.

He has asked the British ambassador in Washington, Lord Harlech, a close friend of the leaders of the outgoing conservative government, to stay on at his post. And he is sending his foreign secretary, Patrick Gordon Walker, to Washington next week.

At his projected meeting with the President he will seek to re-affirm that the London-Washington team will not be upset by Laborite policies.

Patrick Gordon Walker has described the alliance with the United States as the "sheet anchor" of Britain's foreign policy.

The removal from supreme power in the Kremlin of Nikita Khrushchev is seen in London as necessitating speedy moves on the part of the major West-

ern powers, to ready for possible new developments in the international scene.

The explosion of Red China's first nuclear device has added to the urgency for firming up the Western alignment, in the view of the new Laborite government in Britain.

Wilson, an advocate of summitry, is expected to favor a speedy joint approach to the Kremlin to determine just where its new leadership is going and what the chances are for resuming the interrupted dialogue for new East-West tension-easing moves.

Two major inter-Allied problems will be high on the agenda of the projected Anglo-American policy re-alignment.

The first concerns the future of NATO, of which the Laborite government is a firm supporter in principle.

But unlike its Conservative predecessor, Labor favors the abandonment of the British independent nuclear deterrent and its merger with an over-all inter-Allied force with appropriate sharing of political controls.

This would require considerable re-vamping the sharing of Anglo-American nuclear information. The U.S. is basically in favor of Britain abandoning the independent deterrent.

Britain's Labor government is opposed to the projected mixed Manned Nuclear Surface Force which the United States wants to set up by the end of the year. It also wants to renegotiate the 1962 Nassau agreement on U. S. missiles for Britain.

The signs are that Britain is readying a compromise plan to avoid rocking the nuclear boat within the alliance.

Red China Gets Russian Feelers

LONDON UPI — The new Soviet regime is putting out feelers for coexistence with Communist China, according to diplomatic reports reaching London.

Diplomatic sources said new Premier Alexi N. Kosygin and Communist party Chief Leonid I. Brezhnev aim at a face-saving settlement with Peking, not a real solution of their dispute, which is too deep for any immediate agreement.

Brezhnev and Kosygin were believed opposed to the name-calling used by deposed Premier Nikita S. Khrushchev against the Chinese. There has been no hint of such polemics in their public statements to date.

The sources said they are also prepared to modify their call for a showdown conference with Peking. Khrushchev originally sought a world Communist summit meeting next summer, with the apparent aim of expelling China from the Communist camp.

The sources said the new leaders want a different kind of meeting, a summit with Chinese participation. At these talks, the methods of coexistence between Moscow and Peking would be worked out.

Since the removal of Khrushchev, Moscow's chances of better relations with Peking have improved greatly — Khrushchev's dismissal was one of the Chinese demands. But great differences remain.

U. S. Will Get Atomic Fallout

WASHINGTON UPI—Radio-

active debris from Red China's atomic test was expected to be soaring high over the central United States today.

Officials predicted little if any fallout at ground level for the

time being, and generally expect no health hazard to Americans.

Dr. Lester Machta, veteran forecaster of test cloud patterns for the Weather Bureau, estimated Monday that high-altitude portions of the Chinese bomb cloud have been sailing eastward at round 60 miles an hour since the Friday test.

3 Men Kidnap Mafia Bigshot

NEW YORK UPI — Mafia bigshot Joseph (Joe Bananas) Bonnano was kidnaped at gunpoint early today only hours before he was to be questioned by a federal grand jury investigating syndicate crime, police said.

Bonnano, who the FBI regards as one of the underworld's most feared chiefs, was dragged out of a taxi on Park Avenue by two men with .45 caliber automatics, his lawyer told police. The lawyer said the gunmen grabbed Bonnano by the arm, pushed him into another car and sped away.

One of the kidnapers fired point blank at the attorney when he tried to intervene but missed, he said.

William Power Maloney, the attorney, said one of the abductors told Bonnano, a Cosa Nostra boss in Brooklyn, "c'mon Joe, my boss want to talk to you."

Maloney said he, Bonnano and an associate had just arrived in the taxi at Maloney's apartment and planned to go inside to discuss the jury appearance when the gunmen appeared and spirited Bonnano away in a beige sedan driven by a third man.

Maloney thought a gangland execution might be awaiting his client.

Predicts Victory For Goldwater

ATLANTA UPI — Republican National Chairman Dean Burch said Tuesday that Barry Goldwater will carry the Deep South in the Nov. 3 general election and Dixie's 133 electoral votes will give him half of the total he needs for victory.

Burch, in Atlanta to address a \$50-a-plate fund-raising dinner said that Goldwater's strength reached an early peak and then slacked off.

"But it is building up again and we will win," he predicted. Burch told a news conference that there are "some problem spots" just as there are in every campaign. He termed as a "tragedy" the lack of organized Negro support for the Goldwater-Miller ticket because President Johnson "has

the worse civil rights record of any man in Washington."

Favors TV Time

WASHINGTON UPI — Sen. Carl T. Curtis, R. Neb., suggests that Democrats join Republicans in "Dollars for Goldwater" collection to buy television time for the GOP presidential nominee in Austin, Tex.

Austin's only television station is owned by President Johnson's family.

"Lyndon can always use the money," Curtis said, and "Barry wants Texas television coverage."

Board Favors 27c Pay Hike

WASHINGTON UPI — A presidential emergency board has recommended that a dis-

pute between the nation's railroads and 11 non-operating unions be settled through a three-year contract with wage increases of 27 cents an hour.

The board, headed by former Philadelphia Mayor Richardson L. Dilworth, sharply criticized both management and the unions for their unnecessarily lengthy presentation of evidence in hearings held for a total of 22 days in Chicago and Washington.

In its report, made public Tuesday, the seven-member panel recommended a three-year contract instead of the one and two-year contracts recommended by earlier boards because "all the economic indications seem to point strongly to substantial gains in the next year or two in collective bargaining agreements."

The board also recommended: —Wage increases of 9 cents an hour in each of the three con-

tract years, with the first 9 cents retroactive to Jan. 1, 1964.

—An additional 2 cents an hour, as of Jan. 1, 1966, for added costs and welfare benefits.

—Fringe benefits, including a fourth week of vacation, added paid holidays, and \$2000 of life insurance for retired employees.

No Crew in Crewe

CREW, ENGLAND UPI — One hundred train passengers and a driver was held up 15 minutes Monday when a guard failed to report for work. A check revealed the guard had died last week but no one had removed his name from the work sheet.

Evansville Aces Leading Grid Team In ICC Race

Evansville College, leading five individual and team statistical departments, stands alone this week atop the seething Indiana Collegiate Conference football race.

The Aces, leaping miraculously from last in 1963 to the front this week with a 4-0 mark, whacked Valparaiso, 28-7, Saturday, moving ahead of Ball State (3-1) which was contained for the first time, 17-0, by team defense leader Indiana State.

Defending champion Butler vaulted back into title contention pasting St. Joseph's, 41-0. How long Butler (2-1) stays in the battle will depend on Saturday's crucial homecoming game with Indiana State, also 2-1.

If Ball State and Indiana State, a pair of clubs who have never had their hands on an ICC football trophy, hope to stay in the running this weekend, the law of averages appears to be with them.

In what could be the most historic trio of games in conference history, Ball State attempts to whip Valparaiso for the first time since 1949. Indiana State is edging for its first win ever over Butler, and DePauw could realize a helmet full of satisfaction by improving its lopsided 1-8-1 series against St. Joseph's.

Ball State tied Valparaiso in 1957 but the Cards never have knocked off the Crusaders during the 14-year operation of the ICC. Indiana State's best against Butler were ties in 1952 and 1907. They have lost 21 times.

Evansville, meanwhile, has a 14-54 last season score to settle with tough Western Kentucky in a non-loop fray at 8 p. m. in the Pocket City.

The Evansville battery of quarterback Kim DeVault and halfback Bob Glaser continue to sizzle in statistics compiled through last Saturday's contests.

DeVault is running ahead of second place Dave Lass of Valparaiso in both total offense, 557 to 420, and forward passing, 562 to 429. DeVault has hit on eight TD passes, including seven to Glaser whose 19 receptions for 340 yards places him well ahead of Valparaiso.

Indiana State slowed down the ICC's leading rusher, Jim Treadwell of Ball State, but not enough to enable the Sycamores' Emmitt Tyler to catch up. The count stands now at 362 for Todd, 323 for Tyler who scooted 157 yards against Ball State. The defensive lid clamped on Ball State in its first loss at Terre Haute cut into big team total offense and rushing offense margins. They kept a lead, however, in both categories.

Evansville, Valparaiso and St. Joseph's are slugging it out for passing credits. The Aces have averaged 146.5 yards in four games; Valpo has 143.0 in three; and St. Joe has 104.5 in four.

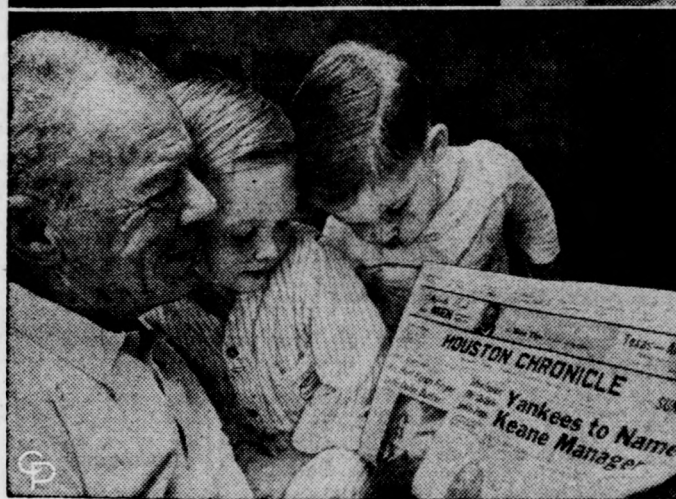

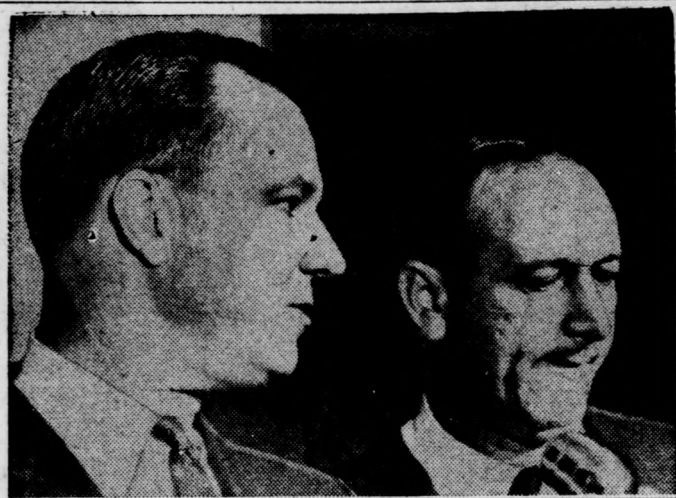

Behind Indiana State, 180.7 total defense, come Evansville, 194.0, and Butler, 233.7. A look at the remaining ICC schedule which may send the championship race down to the wire shows:

EVANSVILLE: at home to Ball State and Butler; BALL STATE: at Evansville; BUTLER: at Valparaiso and at home to Evansville; INDIANA STATE: at home to DePauw and at St. Joseph's.

Clay To Fight Liston Nov. 16

MIAMI BEACH UPI — Cassius Clay's trainer, Angelo Dundee, said Monday that Clay will beat Sonny Liston in Boston Nov. 16 "No matter what shape Clay is in."

"Liston made two bad mistakes in his life," Dundee said. "The first one was when he fought Clay before and the second one is fighting him again." Dundee said the heavyweight boxing champ without a crown — removed by the World Boxing Association — was "not available for words." But he stepped into the Louisville Lip's role with flying colors.

MANAGING TO GET INTO THE NEWS—Harry (The Hat) Walker (top right) and general manager Joe E. Brown answer newsmen's questions in Pittsburgh after Walker was named new manager of the Pirates. Dick Sisler (center left) reaches for a copy of a statement being read by club owner William DeWitt as Sisler becomes manager of the Cincinnati Reds. Lower, Johnny Keane, who quit as manager of the St. Louis Cardinals, reads some interesting news in the paper at his home in Houston, Tex. With him are two grandsons, Johnny Masterson, 4, and eKily Masterson, 3.

Club Directors To Decide Fate Of Milwaukee Braves

CHICAGO UPI — The fate of the Milwaukee Braves was to be decided today by the club's board of directors. But chances are the decision would be kept secret for at least a day and be subject to change.

William C. Bartholomay, chairman of the Braves board, said Tuesday the meeting here would be for the purpose of determining the team's future home—either Milwaukee or Atlanta, Ga. He also said there would probably be no announcement as to the decision of the board until after a scheduled meeting in New York Thursday of National League Club owners.

Bartholomay said that instead of a scheduled news conference after the board meeting, a statement will be read by the club's public relations director. He said no owners will be present when the statement is read. The sudden change in plans gave rise to speculation that approval of a switch from Milwaukee to Atlanta might be on shaky ground.

Bartholomay said he was surprised by the decision of National League President Warren Giles to call the New York meeting.

Buckeyes Favored

NEW YORK UPI — Ohio State, putting its newly-acquired No. 1 rating on the line for the first time this weekend, is a solid 14½ point favorite to make Wisconsin its fifth straight victim.

The undefeated Buckeyes took over as the nation's top-ranked college football team in the wake of Arkansas' 14-13 upset of Texas, the previous kingpin, last Saturday. Coach Woody Hayes' powerful charges also will be seeking their third consecutive shut-out against the Badgers. They strengthened their claim to the No. 1 rating by blanking Illinois and Southern California in their last two outings.

Red's Selection Popular Choice

ST. LOUIS UPI — Freckled Red Schoendienst's selection as manager of the World Series champion St. Louis Cardinals was the "popular choice" today to end dissension and further resignations and firings in the National League Club.

"We're all going to work together," said the 41-year-old Schoendienst, who said he got the surprise of his life when General Manager Bob Howsam telephoned him the news Tuesday.

"I was getting snow tires on my car when the call came from Mr. Howsam—nobody has talked to me before now," said Schoendienst. "I just about fell out of my seat."

Schoendienst succeeded Manager John Keane on the same day the World Series champion manager signed to manage the American League champion New York Yankees.

Schoendienst, a close friend of Stan (The Man) Musial, was Keane's right hand man for strategy in the dugout during the 1963 and 1964 seasons when Schoendienst put aside his bat and glove to take on the full job as coach.

Regain 1st Place

NEW YORK UPI — The Wittenburg Tigers regained first place in the United Press International small college football ratings today after a one-week absence.

The Tigers, who have won five straight games this season and have not lost a contest since 1961, displaced San Diego State, which was upset by Los Angeles State, 7-0, last Saturday.

No Changes Seen In UPI Ind. High School Football Ratings

INDIANAPOLIS UPI — By all indications, it will take king-size upsets to dislodge the front-runners from their lofty positions in the UPI Indiana high school football coaches' board ratings.

For the third week in a row, South Bend St. Joseph's, Kokomo and Elkhart ran 1-2-3, and it was the sixth consecutive week for the South Benders to occupy first place.

The Indians equalled last week's total of 95 points, just short of a perfect score, including 8 of 10 first-place ballots.

Hammond, which was dropped from the "Big 10" after the second week, regained a spot in the elite replacing Indianapolis Sacred Heart, which fell from the unbeaten ranks last week-end.

Kokomo's North Central Conference leaders, with 9 second-place votes and one third, were second with 89 points and Elkhart third with 70.

Bloomington's unbeaten Panthers climbed from fifth to fourth place with 59 points, trading places with East Chicago Roosevelt, which got 51 points.

The lower bracket, in order was composed of South Bend Riley, Evansville Reitz, South Bend Washington, Hammond, and Indianapolis Cathedral.

Riley was promoted from eighth to sixth place, Reitz dropped from sixth to seventh, South Bend Washington moved up a notch to eighth, Hammond climbed from 12th to ninth, and Cathedral remained 10th.

South Bend Washington and Reitz split the two other first-place votes.

Unbeaten Merrillville was nominated for the first time. South Bend St. Joe risks its 12-game winning streak over two seasons against city foe Washington in Friday's top tussle. Washington's 6-game unbeaten streak has been marred only by a 26-26 standoff against another South Bend crew—Riley.

U-MARCHING HUNDRED FLIES TO MIAMI, FLA.

The Marching Hundred Band of Indiana University will fly to Miami, Florida, on Friday, Oct. 23rd, to perform at the Miami State vs. Indiana University football game in the Orange Bowl that night.

This will be the first time any band from the Big Ten universities has traveled that far.

On Saturday they will be on a guided tour around Miami before returning home.

Gary Canada, son of Mrs. Elizabeth Ash, is one of the members of this band, playing second trombone.

UNITED STATES RETAINS AMERICA'S CUP

GOLD SEAL AWARD—Robert Shapiro, vice-president of the Gold Seal Rubber Company of Boston, presents the Gold Seal Award for Outstanding Achievement in International Yachting Competition to crew members of "Constellation," the winner of this year's America's Cup races. (L to R) Rod Stephens, Jr., navigator; Robert Shapiro; Eric Ridder, helmsman; and Bob Bavier, Jr., skipper. Gold Seal Boat Oxfords were worn by Constellation's crew during the races off Newport.

The American 12-meter yacht "Constellation" swept to four runaway victories against the British "Sovereign" in America's Cup competition in the Atlantic off Newport, Rhode Island. Skipped by Robert Bavier, Jr. and co-helmsman Eric Ridder, Constellation once again established United States supremacy in the series of international races which began 113 years ago.

Racing on a 24.3 mile Olympic course, the British entry in the famed sailing classic was never in competition with the American defender, which showed superior design and sailing ability throughout the week-long yachting meet.

In recognition of their amazing display of sailing ability, the crew of Constellation was presented the Gold Seal Award for outstanding achievement in international yachting competition.

Supt. John Buck said the saw portions were found secreted around a door jamb in a cell Tuesday, a few hours after Buck received two telephone calls from a mysterious man "from some distance away" who told him of a plot by prisoners to break out of the institution.

"It sounded like a dime novel way I got the information," Buck quoted the outside informant.

Buck said the plotters allegedly intended to cut cell bars, overpower two officers, tie and gag them; and lock them in a cell, then cut their way out of a cell house to freedom.

Negro Student Survey Made

INDIANAPOLIS UPI - Most Negro students enrolled in Indiana colleges are on a part-time basis only and the majority of them work 40 or more hours a week to finance their education, according to a survey made public today by the Indiana Civil Rights Commission.

The commission heard the survey discussed by Mrs. Gloria Scott, 1964 outstanding Indiana Negro coed. Mrs. Scott, a teacher at Marian College, here, is working on her doctor's degree at Indiana University and made the study among IU students.

The survey showed that 6 out of every 10 Negro students are studying on a part-time basis and that 8 of 10 part-time students pay the entire cost of their livelihood and education.

Commission director Harold Hatcher said if the economic problems confronting the 200 undergraduates covered in the survey are representative of the entire 2,400 Negro students in all of Indiana's colleges, universities and technical institutes, the state faces a serious problem.

Michigan Gets Rain And Snow

By United Press International
A vigorous Great Lakes storm buffeted Michigan with wind-driven rain and snow today while temperatures dipped toward freezing across Dixie. Frost was expected as far south as northern Florida.
The northern storm was hurled across the border by 80 mile an hour Canadian prairie winds. An inch of snow plastered the ground at Houghton, Mich., during the night.
In the South, temperatures started their fall toward possible records shortly after sundown Tuesday. The mercury dipped to near the freezing

mark as far south as North Carolina during the evening and dropped to 43 degrees at Tallahassee, Fla.

Unseasonable heat continued to toast the Far West. Another day of 90 degree temperatures was forecast again today for Southern California, where Los Angeles sweltered through a record-tying hottest day of the year — 99 degrees — Tuesday. Miramar, Calif., near San Diego, recorded 100 degrees Tuesday, and Point Arguello, a normally cool spot on the coast northwest of Los Angeles, recorded 98 degrees.

Dixie Legislator Endorses Barry

JACKSON, Miss. UPI — Rep. John Bell Williams, D-Miss., Tuesday night endorsed Republican presidential candidate Barry Goldwater. He said he didn't know what affect his action would have on his future in Congress.

Williams made his announcement at a \$100-a-plate "Goldwater Victory Dinner" at which he introduced Sen. Strom Thurmond, R-S.C. Thurmond last month switched parties to support Goldwater.

"I can maintain silence no longer, for in this critical hour science is acquiescence; nor can I follow the easy path of political cowardice," Williams said.

"Because my loyalty to the United States of America and my beloved Mississippi is stronger by far than my devotion to any political party name," he said, "I stand here tonight to advocate the election of Barry Goldwater as our next president, for in my heart I know he's right."

Johnson Confers With Advisers

WASHINGTON UPI — President Johnson meets today with a top-drawer panel of private

consultants to explain his "wait and see" attitude toward the Russian upheaval and other major foreign developments.

Johnson called to the White House the 16-man bipartisan group, many of whom have held high government positions, known as the presidential "Panel of Consultants on International Relations." Among them are former Secretary of State Dean Acheson, one-time Central Intelligence Director Allen W. Dulles and Gen. Omar N. Bradley.

The purpose of the session was to talk over the situation confronting the United States as a result of last week's Soviet

government changeover. Red China's nuclear blast and the Labor party's narrow victory in the British elections.

Johnson said Tuesday after a long meeting with his cabinet that he and his advisers had concluded no "sharp or serious changes" in U.S. policy were required to meet the new developments abroad.

The President, calling for "continuity and stability," promised that his administration would "pursue a course of reasonable and responsible watchfulness."

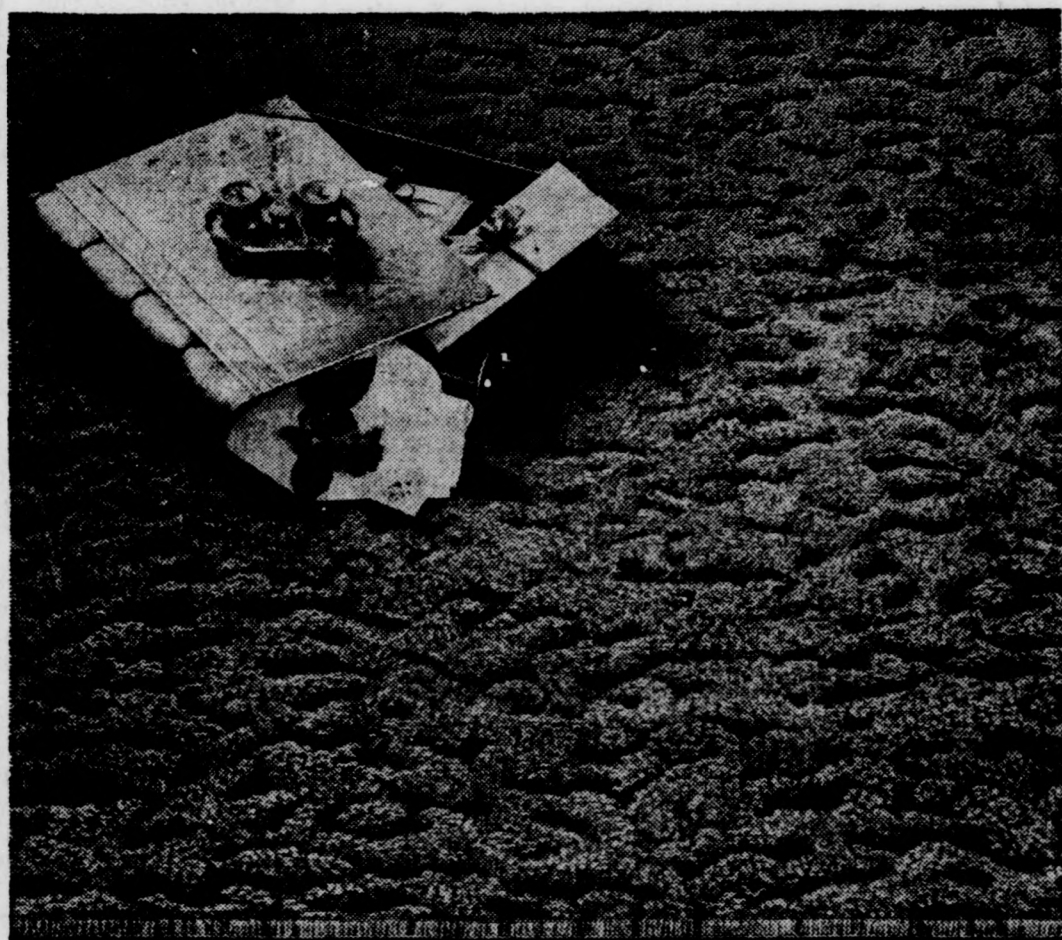

Johnson told newsmen that "it is necessary for the United States to continue to be prepared for the long pull." He

coupled his foreign policy observations with a promise to increase military strength and pursue domestic economic policies to bolster the home front.

U.S. officials were still uncertain whether Nikita Khrushchev's successors in Russia would pursue indefinitely his policy of "peaceful co-existence" with the West, as they have pledged.

There was some concern that they eventually turn tough and seek an understanding with Red China in an effort to close the ranks of the badly shattered international Communist movement. American officials were making no flat predictions.
